

Office for Civil Rights

2023–24 Civil Rights Data Collection

WHAT IS THE PURPOSE OF THIS SURVEY?

The purpose of the U.S. Department of Education (ED) Civil Rights Data Collection (CRDC) is to obtain data authorized under the statutes and regulations implementing Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and under the Department of Education Organization Act (20 U.S.C. § 3413). The regulations implementing these provisions can be found at 34 CFR § 100.6(b); 34 CFR § 106.71; and 34 CFR § 104.61. The Department of Education Organization Act (20 U.S.C. 3413(c)(1)) authorizes OCR to collect data that are necessary to ensure compliance with civil rights laws within its jurisdiction. The CRDC collects a variety of information, including student enrollment and educational programs and services data that are disaggregated by race/ethnicity, sex, English learner (EL), and disability. This information is also used by other ED offices as well as policymakers and researchers outside of ED.

WHO IS CONDUCTING THIS SURVEY?

The ED Office for Civil Rights (OCR) is conducting this survey. The CRDC is a mandatory data collection, conducted based on the statutory and regulatory authority cited above.

HOW WILL YOUR INFORMATION BE REPORTED?

Information reported on this survey becomes available to the public in a privacy protected format. You can see how the previous CRDC data were reported to the public by going to <https://ocrdata.ed.gov>.

WHERE CAN I FIND INFORMATION ABOUT THE APPROVAL OF THIS COLLECTION BY THE OFFICE OF MANAGEMENT AND BUDGET (OMB)?

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1870-0504. All documentation submitted to OMB about this information collection is available at https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202111-1870-001. Public reporting burden for this collection of information is estimated to average 21.2 hours per school survey response and 4.6 hours per local educational agency (LEA) survey response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Responding to this collection is *mandatory* (20 U.S.C. § 3413, § 3472, § 7913, and § 7914).

HOW ARE THE CRDC SURVEY ITEMS ORGANIZED?

The CRDC survey contains school-level and LEA-level items. The school-level items are presented in the CRDC School Form, while the LEA-level items are presented in the CRDC LEA Form. Each Form is organized by topical modules. Modules are groups of tables about the same topic area. For example, tables about mathematics, science, computer science, and data science courses and classes form the Courses & Classes module. Each module has a 4-letter module acronym, which is used to number tables within modules. For example, the first table in the Courses & Classes module is labeled COUR-1.

Module Instructions

DATES

Report data from the 2023–24 school year. The data reported should be as of October 1, 2023 (or the closest school day to October 1). This is known as a “Fall snapshot.” LEAs should use the same Fall snapshot date to report all the data in this module.

WHEN to REPORT ZERO (0) and WHEN to USE BLANKS (i.e., NULL VALUES)

Zeros represent an actual count or number for fields that are applicable to a given school or LEA. Report a zero (“0”) only if the LEA has collected the information and the amount to report for that field is zero. Do not report a “0” for data not collected. Leave a field blank if the LEA does not know the answer, does not collect data for that field, or if the question does not apply to the LEA. For additional information, go to:

<https://crdc.communities.ed.gov/services/PDCService.svc/GetPDCDocumentFile?fileId=46278>.

NOT APPLICABLE (NA) and ZERO (0) AUTOFILLS IN TABLES

The online tool remembers information that has been entered in other tables and modules and uses that information to fill related tables with either a Not Applicable (NA) code or zero (0) where appropriate. For example, if it is reported that a school does not have any female students who are English learners (EL), then other tables that ask for counts of female students who are EL will be automatically filled with a zero.

KEY DEFINITIONS

Early childhood refers to early childhood education programs and/or services for children birth through age 2.

Free appropriate public education (FAPE). Part B of the Individuals with Disabilities Education Act (IDEA) requires states receiving financial assistance under IDEA to ensure that a FAPE is made available to eligible children with disabilities residing in the state. Section 504 of the Rehabilitation Act of 1973 regulation requires an LEA that receives federal funds to provide a FAPE to each qualified student with a disability who is in the LEA’s jurisdiction. For additional information, go to <https://www2.ed.gov/about/offices/list/ocr/docs/edlite-FAPE504.html>.

Students with disabilities (IDEA) or IDEA children refers to students with intellectual disabilities; hearing impairment, including deafness; speech or language impairment; visual impairment, including blindness; serious emotional disturbance; orthopedic impairment; autism; traumatic brain injury; developmental delay; other health impairment; specific learning disability; deaf-blindness; or multiple disabilities and who, by reason thereof, receive special education and related services under the Individuals with Disabilities Education Act (IDEA) according to an Individualized Education Program, Individual Family Service Plan, or service plan.

Non-IDEA children include children without disabilities and children with disabilities who are not served under the Individuals with Disabilities Education Act.

Non-LEA facilities are non-district facilities, such as intermediate units, residential facilities, social service agencies, hospitals, and private schools.

Preschool refers to preschool programs and/or services for children ages 3 through 5.

Remote instruction refers to non-face-to-face (i.e., not in-person) instruction during which teachers and students are separated by location. For purposes of this definition, “public funds” includes federal, state, and local public funds. Schools include public schools that provide half day (50%) or more educational services. **Schools may include: alternative; career and technical education; regular; and/or special education schools. DSED: Distance Education

Module Instructions

DATES

The data reported should be based on the entire 2023–24 regular school year, not including intersession or summer.

WHEN to REPORT ZERO (0) and WHEN to USE BLANKS (i.e., NULL VALUES)

Zeros represent an actual count or number for fields that are applicable to a given school or LEA. Report a zero (“0”) only if the LEA has collected the information and the amount to report for that field is zero. Do not report a “0” for data not collected. Leave a field blank if the LEA does not know the answer, does not collect data for that field, or if the question does not apply to the LEA. For additional information, go to:

<https://crdc.communities.ed.gov/services/PDCService.svc/GetPDCDocumentFile?fileId=46278>.

NOT APPLICABLE (NA) and ZERO (0) AUTOFILLS IN TABLES

The online tool remembers information that has been entered in other tables and modules and uses that information to fill related tables with either a Not Applicable (NA) code or zero (0) where appropriate. For example, if it is reported that a school does not have any female students who are EL, then other tables that ask for counts of female students who are EL will be automatically filled with a zero.

KEY DEFINITIONS

Distance education courses must meet all of the following criteria: (1) be credit-granting; (2) be technology-delivered via audio, video (live or prerecorded), the Internet, or other computer-based technology (e.g., via district network); and (3) have either (a) the instructor in a different location than the students and/or (b) the course content developed in, or delivered from, a different location than that of the students.

English learner students (EL)¹: In coordination with the state’s definition based on section 8101(20) of ESEA, as amended by ESSA, the term ‘English learner,’ when used with respect to an individual, means an individual:

(A) who is aged 3 through 21;

(B) who is enrolled or preparing to enroll in an elementary school or a secondary school;

(C) (who is i, ii, or iii)

(i) who was not born in the United States or whose native language is not English;

(ii) (who is I and II)

(I) who is a Native American or Alaska Native, or a native resident of the outlying areas; and

(II) who comes from an environment where a language other than English has had a significant impact on the individual’s level of English language proficiency; or

(iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant (Please note that “migratory” typically refers to students who move repeatedly from one residence to another); and

(D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual²

(i) the ability to meet the challenging state academic standards;

(ii) the ability to successfully achieve in classrooms where the language of instruction is English; or

(iii) the opportunity to participate fully in society.

Note:

- To be classified as an English learner, an individual must be A, B, C, and D.
- For C, an individual can be C- i, C-ii, or C-iii.
- If C-ii, the individual must be I and II.
- For D, an individual may be denied D-i, D- ii, or D-iii.

¹ English learner students were previously referred to as limited English proficient students, and include the same subgroup of students.

² Must be determined by a valid assessment.

Nonbinary means not exclusively male or female. Transgender students may be reported as male, female, or nonbinary.

SPECIAL INSTRUCTIONS

The LEA should provide a response regardless of where the courses originated. Do not include distance education courses that were provided only in response to the coronavirus pandemic.

For an LEA that already disaggregates student enrollment data to include nonbinary students, the nonbinary category in the Distance Education module is REQUIRED.

For an LEA that does NOT already disaggregate student enrollment data to include nonbinary students, the nonbinary category in the Distance Education module is SKIPPED.
